Learning in the Foundation Classes

Co-operative learning was widely shown in the Foundation classes last week. The children worked with a partner when developing their additions skills in Mathematics. Then they could be seen supporting each other as they decorated their biscuits. Working together encourages the children to listen, take turns and support each others learning. It was lovely to see the children developing these important skills.

Lower Phase Reading

It was lovely to see so many children wearing the new 'I have read 5x at home' stickers on Friday. Well done to all the children who achieved our target of 5 reads or more.

Roses Class at Forest Schools

On Thursday the Roses class braved the cold, damp weather to take part in Forest School at Borne Woods. There was lots of different activities available for the children to engage in. These included climbing ropes and trees, swinging on a rope, using a saw and drill to make woodland medallions and of course having an opportunity to jump and splash in the very gooey mud. The children had a brilliant time and are looking forward to this weeks session.
