We Have Real Paintings!

The One Square Mile; Heritage on Our Doorstep project has had some unexpected gains. Town Site is adorned with 8 large framed paintings by local artist Charles Debenham, depicting the Siege of Colchester. This is a huge bonus for children studying local history as well as having real art to interrogate. Here is one of the paintings ... what questions can you come up with about the scene? Feel free on Open Evening next week to pop down to Town site and view the paintings which are displayed on the ground floor, and the top hall.

We will not be putting an explanation on each painting as the children will be researching each scene.

By the time of the next Open Evening we will be able to display the children's work alongside. The paintings are from the Colchester & Ipswich Museums collection and they now belong to the school.

Rights Respecting Schools

Article 28 (Right to Education) Every child has the right to an education. Primary education must be free and different forms of secondary education must be available to every child. Discipline in schools must respect children's dignity and their rights. Richer countries must help poorer countries achieve this.
