#### Reading

Please remember that our aim is for every child to read 5 times a week at home. Our Middle Phase classes have a high percentage of children who achieve this and it is fantastic. Please keep up the hard work. There is a direct link between children's love and ability for reading and their writing.

#### Safer Internet Day

Yesterday was Safer Internet day. The children learnt about being safe online, what to do if they see or hear something online which worries or scares them and what online support there is for them regarding their safety.

This year's theme, "Create, connect and share respect: A better internet starts with you", is a call to action for every stakeholder to play their part in creating a better internet for everyone, in particular the youngest users out there. More than that, it is an invitation for everyone to join in and engage with others in a respectful way in order to ensure a better digital experience.
