Our Assembly theme this week has been on problem solving and resilience. We challenge the children to be resilient when faced with problems—it's not about the right answer or being the quickest. It's about persevering, doing their best and having a go. How, as parents, do you encourage and challenge your children and how much do you do for them?

At the end of the day,
the most
overwhelming key to
a child's success is
the positive
involvement of
parents.

School Council

We have changed the way we run our School Council to make sure that all children in the school are playing an integral part in the running of the school.

We now have three school councils running in each phase of the school. Lower Phase—one counsellor from each of the Foundation and Year 1 classes. Middle Phase—one counsellor from each of the Year 2, Year 3 and two from Year 4. Upper Phase—two counsellors from each of Year 5 and Year 6. Each School Council has a dedicated member of staff to support them in their weekly meetings. After each meeting, the school council representatives have to feed back to their class about their discussions from the meeting and to gain ideas from the class. At the moment, the school councils are discussing new playground posters for both sites and ways and activities that we can implement to maintain our whole school ethos.

Middle Phase

Parent Maths Classes

Please see the noticeboards at both sites for information on Maths Classes for parents running at our school from January for 6 weeks from 9.00a.m. to 11.00a.m.

Did you know?

By the end of Year 1, children need to be able to count to 100 both forwards and backwards starting from any number.

By the end of Year 4, children must have rapid recall of all their x tables up to 12 x 12.

It is vital that parents support their children in their learning at home. Children must practise their learning.

App Attack

Each week we will feature an App for tablet or phone devices that have been trialled by a member of staff.

Squeebles Maths Bingo

Helps with multiplication, division, addition and subtraction—for children aged 6-8.

Christmas Fair

Please don't forget our Christmas Fair tonight from 5.00p.m.—7.00p.m. at our Abbey Field site. Classes are in hot competition with each other and a plethora of Christmas ideas await you on their Christmas stalls. They'll be plenty of food, a raffle, tombola, children's games, chocolate stall, sand art—all cunningly designed to encourage you to spend money. Please do come along and support the PTA in this fundraising festive event.

caught a
cold.
Fortunately,
he did
manage to
get a
message
through via

one of his elves. Unfortunately, the naughty elf has hidden the message in a mysterious code. Can you crack it?

Answers on Mr Bates' door if you are at Town site
and on Mr Green's door if you are at Abbey site.

The winning entry each week from each phase will get
to choose a free book.

And Finally ...

Yesterday afternoon I was at the Town Site and needed something from a locked filing cabinet. Unfortunately my keys were at Abbey Field. It wasn't a huge crisis because Mrs Bourne has a key and was soon to be at the Town Site. Mrs Clarke, being very helpful, very kindly brought my keys down for me...Unfortunately, they were my car keys and not all that useful in opening locked filing cabinets!

Have a good weekend
