

# Creating your own story book.

## (COMIC BOOK)

1. Download the blank template found in the **PARENT INFORMATION – AWESOME AUTHORS** area of the school website.
2. Each sheet is two pages of the book.
3. Your child needs plan out the story with you. The story, words and pictures must be your child's, so please balance your input, and do not try to edit the story to make perfect sense. If the story does not flow perfectly that is ok.
4. Print off the comic book template, your child can draw directly onto the comic book sheet. It will not be possible to type up this style of book, so please ensure the writing is as legible as possible for pupils of all ages to be able to read.
5. They can use as many pages as they like as the comic can be of any length. There are multiple page styles on the website and they can be used in any way you like.
6. Once the story is complete your child can bring it into school and hand it to me or you can email it to school admin and they will forward it onto me.
7. I will then work with your child on the cover, which will need a final picture to be drawn at home.
8. Once I have all the completed pages including the cover, I will make it into a book, with one copy for the pupil and one for the school libraries.
9. The story can be about anything, but please try to avoid using any famous, common or copyrighted characters, names or settings. We want the pupils to really use their own imaginations. The content must be suitable for pupils in years 1-6.
