(More Details will follow)

Tuesday 6th May—Friday 9th May—Year 4 Danbury Residential.

PTA Children's Disco's

Just a reminder that the PTA School Disco's are next Friday 2nd May.

Please, if you haven't already done so and your child would like to go, send in £2.50 in an envelope with your child's name and class clearly written on the front.

Netball Champions.

We played our final league netball game of the season just before the Easter Break against Queen Boudica.

St John's Green finished with a flourish beating Queen Boudica 6-0. This means that we are the champions of the CPSL Catuvellani Netball League this year.

A huge well done to all the players and of course to Mr. Gilbranch coach extraordinaire!

Really well done to Isla who was voted player of the match.

We also played a friendly game against Gosbecks again winning victoriously..!

Well done to Maria who was voted player of the match.

In a small oversight, we didn't mention that Amira was the player of the match when we played against Kelvedon.

Really well done to all the players, 25 goals scored and only 6 conceded. Brilliant.

Football Match against Friars Grove.

Our Year 6 Footballers had their first league game of the season against Friars Grove this week.

The children were great and did pretty much everything but score, displaying impressive resilience and determination, even though they lost 4-0.

Miss Parsons, who is now in charge of our Football Team, was hugely impressed by the way the players never gave up and continuously pushed forward with grit and teamwork. Well done.

Mrs. Woodham's Maths Club

Mrs. Woodham has created a YouTube Channel to tackle arithmetic questions that often appear in SATs, etc. These are really great videos that go through strategies to answer questions.

Really worth having a quick look—at the moment there are 16 videos and they cover everything from adding fractions, multiplication and BODMAS.

<https://www.youtube.com/@MrsWoodhamsMathsClub>

Huge thanks to everyone for your 'Purple Pinkie' efforts today.

There were some amazing Purple efforts.

Gardening Club

Mrs. Palmer's Gardening Club is up and running. The children are really enjoying planning what and when things need to be planted and then implementing these plans. They have sowed runner beans, cauliflower, turnips, carrots, garden peas, potatoes, a mixture of herbs and sunflowers. We also want to thank Poplar Garden Centre for donating the gardening sets and seeds!

British Science Week

British Science Week got off to an explosive start at the end of March, with every class having a visit from Professor Nitrate! In the Silly Science Workshop, the children learnt lots of fun facts and had the opportunity to see a range of experiments. Over the course of the week the children carried out their own experiments in class. This varied from creating dinosaur fossils, dispersing materials, creating a water whirlpool, dancing raisins and the coke and mentos experiment - just to name a few! Every class also spent time learning about famous women in science and the impact they have had.

Year 6 looked into the adaptations of peppered moths in the UK. Can you spot any hidden around the classrooms, adapting to their environment?

Assembly Theme for WB: 28/4/25 - Growth Mindset.

Rights Respecting Schools

Article 14 (freedom of thought, belief and religion) Every child has the right to think and believe what they choose and also to practise their religion, as long as they are not stopping other people from enjoying their rights. Governments must respect the rights and responsibilities of parents to guide their child as they grow up.

Our Scarf (PSHE) Theme for this Half Term— Me & My Relationships

Year 5 Bikeability
